The new logo, or brand, for Georgetown wonderfully captures Georgetown’s spirit. I was involved in the process to create the logo, along with other community leaders, and we believe that the community shares our excitement.

The primary reason for developing the new logo and accompanying “Sincerely Yours” tagline was to create an image that represents Georgetown’s essential identity in order to create a consistent message for the City’s tourism and economic development efforts.

The development of the new brand was the result of a multi-stage process over the past year. The initiative to create a city-wide brand came from the City’s Main Street Advisory Board, whose members secured funding for a new brand from the City Council in 2003.

To serve as the foundation for the brand, a community visioning process was developed in order to define Georgetown’s core identity and vision for the future. In October 2004, a professional facilitator conducted three community visioning sessions, representing a cross-section of the Georgetown community including more than 85 people.

The outcome of those three vision sessions was synthesized by a Task Force of community leaders who worked with the facilitator and GX Creative to develop the new brand. Joining me on the task force were Cox Communication’s Cesar Gutierrez, local builder Jack Hunnicutt, Sun City General Manager Gary Newman, Georgetown Chamber of Commerce President Mel Pendland, Georgetown Healthcare System Board Chair Dr. Stephen Schaefer, Southwestern University President Jake Schrum, Williamson County Sun Editor Linda Scarbrough, Downtown Georgetown Association President Ellie Skross, and Simon Property Group’s Diane Sweeney.

After working with GX Creative, this group reached consensus on the design of the new logo. We have adopted a visual identity which honors the past while conveying feelings of warmth and sincerity.

This guide is intended to communicate our core values with a unified identity, which strengthens our community brand. This guide creates a framework whereby anyone wishing to use the logo can do so with a unified look.

We hope you will find these guidelines to be useful and that you employ them in ways that suit your specific needs.

-- Mayor Gary Nelon
Process and Core Words

The logo for Georgetown, Texas was unveiled in January 2005. It is the result of a visioning process that incorporated wide community input toward the direction of the logo and what it represents. A task force of community leaders synthesized community feedback from three visioning sessions and provided the direction for the brand identity.

The logo and “Sincerely Yours” tagline were designed to reflect the essence of Georgetown – a community that values the personal touch and intimate quality of life.

Core words were defined as a result of the visioning session, in an effort to inform the Georgetown identity. They represented the community’s core values or ideals.

How to Use This Guide

There are numerous occasions where the city departments or city organizations will have varying needs in designing materials for print, web and other media. This guide includes chapters that address the various visual elements and styles used in different media and the guidelines for their use. If you have any questions or comments please feel free to contact us. Your input is valued.
Logo Components

The logo consists of the following:
1. A script G
2. Logotype: Georgetown and Texas
3. Est. 1848

The logo came into use in January 2005. The script “G” and the logotype “Est. 1848 Georgetown Texas” comprise the logo and should never be used separately except for special instances which are listed later in this publication.

Use of the logo by non-City of Georgetown entities must be approved by the City of Georgetown. See contact information on page 27 of this guide about making requests to use the logo.
General Use

The logo must be used in as clean and simple a design as possible. The logo should not be outlined or used with drop shadow.

The logo will only be used in its intended fashion. Angling, additional or changed colors, or additional graphic elements covering or touching the logo are not permitted outside of what is listed in this guideline.

Localization

Translation or localization of the City of Georgetown logo is not allowed. The City of Georgetown logo with its attached logotype may be used in English only.

Logo Size for Print and Merchandise

The City of Georgetown logo should not be used in a size so small that it becomes illegible. Please use your best judgement when sizing the logo.

If the item upon which the logo is being placed does not allow for sizes large enough to keep the logo readable, it is permissible to separate the “G” from the wordmark. Examples of allowed use can be found later in this document.
Use with Taglines

The logo versions with the tagline are primarily for use in tourism-related marketing materials, co-branding efforts and City-sponsored special events.
When the City of Georgetown logo is used on colors other than white, the logo can be made all white or all black.

Use your best judgement to ensure the logo is prominent on colors. In some instances, all black may be best, in other instances an all white logo would be optimal.
Logo as Wordmark

The entire phrase is in Trajan font, which is the font used in the logo. The wordmark is a graphic that is not to be altered, created, or used except in its approved form.
